Subject: Payment Notice PAC La Vendimia

Reference is made to the TURNKEY EPC CONTRACT FOR THE CONSTRUCTION OF A 10.4944 MWp Solar Park entered into on December 28th 2022 (the "EPC Contract") by and between Energías Renovables El Bolder S.p.A. (the "Owner") and Trina Solar Systems (Chile) S.p.A. (the "Contractor") for the project LA VENDIMIA. Capitalized terms used herein and not defined shall have the meaning ascribed to such terms in the EPC Contract.

Pursuant to clause 12.3 Invoicing and payment system of the Contract, by means of the present the Owner issue the Payment Notice for the following Milestone:

.- Twentieth Milestone: When the Provisional Acceptance Certificate has been issued in accordance with the provisions of this Contract, Owner shall pay USD 1,280,017,.02(say one million two hundred eighty thousand seventeen dollars and two cents US Dollars); The payment process for this Milestone will begin once the Contractor delivers the Warranty Bond.

Notwithstanding the aforementioned, and as per 20.1 (a) of the EPC Contract, Contractor's Insurances costs, considering that Owner has repeatedly requested Contractor to settle said amounts to no avail, Owner has elected to retain and set-off said amounts from the Twentieth Milestone. For the avoidance of doubt, the amount of Contractor Insurance's costs owed by Contractor to Owner amounts to USD 36,513.75.

Likewise, and taking into account the Punch List costs agreed between the parties, Owner shall be withholding USD 172,656.79 (one hundred seventy-two thousand six hundred fifty-six and seventy-nine cents) (such amount the "Retention Amount") from the final payment established in Section 12.2 of the Contract, until the due completion of all the Minor Finishing Works set forth in the Punch List is achieved. Such Retention Amount shall be released only after the Owner has verified full satisfactory compliance by the Contractor.

Yours sincerely,
