

Annex 26

Contractor's Demobilization Costs

La Vendimia Solar Installation

1 Demobilization costs

To calculate the demobilization cost there will be a part of the cost incurred which will be properly calculated and justified, as indicated in clause 19.4.c.i and ii, at the moment when the de-mobilization will be notified and having a maximum of 60 days to present all the documentation to claim.

There will be another part of the costs, as mentioned in clause 19.4.c.iv), which can be established and calculated with the following breakdown:

1. Engineering \$ 65,000
2. Travels and expenses \$ 50,000
3. De-mobilization and Ending Works \$ 60,000
